MAKE YOUR COMPLAINTS TO ME, ADVISES CHIEF

Beavers Says He Will Not Pay
Notice to Critics in
Newspapers.

Replying to the various criticisms of Atlanta business men, who have lambasted Chief Beavers through the press, the chief last night, in an interview with a Constitution reporter, said that such criticisms would be subjected

by him unless made to him by the complainants.

"If any one has a complaint to make against me for failing to do something, or for something I have done," said Chief Beavers, "he should make it to me, and not to newspaper reporters advertising in all that is being sought by these men. I will protect myself in this respect by giving my complaints to newspaper men who visit my office."

The chief further stated that these statements on his part referred to complaints made against anybody connected with the police department.

This statement coming as it does, on the eve of the meeting of the police board probe committee, which holds a public session tomorrow night, when citizens are invited to enter whatever complaints they might have against the police, shows that Chief Beavers is welcoming all just complaints.

READ AND THINK!

Convinced?—Not Exactly

An Atlanta Citizen said: "I am reading all the Ads of the Atlanta Retail Merchants Association. They are right and they are instructive. You are making ATLANTA Citizens, who are interested in ATLANTA, think along a new channel."

"Some other of our Citizens—like myself—just never THOUGHT what it meant to send money to a Northern City for clothes, gifts, or any other merchandise. We do not need 'convincing'—the question itself is 'self-convincing' to every REAL ATLANTA Citizen. What we needed was something to make us THINK."

"Your Ads are serving this purpose well, and you are right when you say, 'Foreign Labels' neither 'Boost' nor 'Build' ATLANTA!"

What are your views?

We believe you will agree with this Atlanta Citizen—that he is right.
